PLANS INDEFINITE ABOUT MUKDEN

Gen. Stoessel Reports Killing of
10,000 Japanese.

The German Emperor Alleged to
Have Wished the Baltic Squad-
ron Well.

ENGAGEMENT IS ABOUT DUE

St. Petersburg, Oct. 5.—A foreign dispatch from Gen. Stoessel, dated Sept. 30, has been received, saying, "Since the attacks on Port Arthur, Sept. 23, all has been quiet, though there have been daily skirmishes and artillery bombardments. From Sept. 10, to the 23, the Japanese assaulted and bombarded the forts to the northwest of Port Arthur, but were repulsed. The Japanese only gained two small redoubts, which were wrecked by bombardment. The Japanese destroyed the aqueduct." Gen. Stoessel estimates the Japanese loss in four days of fighting at ten thousand killed and wounded.

A FORWARD MOVEMENT.

St. Petersburg, Oct. 5.—Frequent fighting between the Japanese advance guards and Ussurisks on the south front of General Kuropatkin's army is reported in dispatches to the Russian war office, and is regarded as indicative of the near approach of a general forward movement by Field Marshal Oyama's forces. It is estimated that since the battle of Iacu Vang 40,000 of the guards stationed in western Russia have been ordered to the far east. No word has been received as to the condition of affairs at Port Arthur.

JAPS TO DEFEND.

Berlin, Oct. 5.—Col. Gasicke, the Tagesblatt's correspondent in the far east, telegraphs from Mukden that the Japanese apparently are no longer advancing, but are preparing for defensive operations.

A FEW SKIRMISHES.

St. Petersburg, Oct. 5.—Official advice from the far east describes a series of skirmishes on the southern front of General Kuropatkin's army, the only importance of which lies in the fact that the Japanese are showing a disposition to press forward and feel out the Russian positions. General Mistchenko's troops in every case drove back the opposing forces.

A STARTLING REPORT.

London, Oct. 5.—The St. Petersburg correspondent of the *Giornale d'Italia* wire that the German Emperor has telegraphed the commander of the Russian Baltic fleet, wishing him a good voyage and good luck. The same correspondent says that word has been received at St. Petersburg that of the original Vladivostok Garrison, only four thousand troops remain. He adds that the first ice has appeared off Vladivostok.

COMMANDERS RECALLED.

London, Oct. 5.—The Central News has a dispatch from St. Petersburg stating that it is officially announced that Major General Orloff, commander of the fifty-fourth division, and Gen. Romanoff, commander of the sixth Siberian division have been recalled.

MAY BRING TROUBLE.

London, Oct. 5.—Should the statement from St. Petersburg, regarding the Emperor of Germany's telegram to the commander of the Baltic fleet prove accurate the incident is likely to cause some diplomatic protest on the part of Japan.

THIRD RUSSIAN ARMY.

Paris, Oct. 5.—A dispatch from St. Petersburg confirms the report that the third Russian army is about to be formed. General Lou-Hovlysky, of the Ninth army corps, will be in command.

LATE WAR OPERATIONS.

Harbin, Oct. 5.—Gen. Kuroki appears to be trying to turn the Russian flank while the Japanese main army is marching forward against the Russian center. The Japanese transports are bringing material to the mouth of the Yalu river, whence it is carried by junks to Shantung, thence by coolies to Feng Wang Cheng.

NO PROMISES MADE PANAMA REPUBLIC

Nothing Whatever Promised Be-
fore the Revolution.

1200 Barrels of Oil Burning In
Ohio—National Republican
League Meets.

TRAIN WRECK IN GEORGIA

Washington, Oct. 5.—In view of the charges of bad faith made against the United States in connection with the Panama affair on Port Arthur, Sept. 23, all has been quiet, though there have been daily skirmishes and artillery bombardments. From Sept. 10, to the 23, the Japanese assaulted and bombarded the forts to the northwest of Port Arthur, but were repulsed. The Japanese only gained two small redoubts, which were wrecked by bombardment. The Japanese destroyed the aqueduct.

No promises whatever were made to Panama prior to the revolution. No promises were ever made them by the United States government that were not kept.

1200 BARRELS OF OIL BURNING.
Findlay, Ohio, Oct. 5.—The most destructive oil fire in the history of the city is raging at the National refinery. Twelve hundred barrels of tank oil were struck by lightning this morning and the contents set afire. The firemen were unable to control the fire, and the loss will reach fifty thousand dollars or more.

NATIONAL REPUBLICANS.
Indianapolis, Oct. 5.—The biennial convention of the National Republican league opened today. Governor Durbin made the address of welcome, and the most important question discussed was how to extend the organization among foreign-born voters.

FATAL RAILROAD WRECK.
Atlanta, Ga., Oct. 5.—It is reported that a passenger train on the Augusta Southern railway went through a trestle near Gibson. Several people are reported killed.

VERY MUCH CONVICT IS MAN OF ALIASES

Has Been to Prison Several
Times.

He Is Wasted in Clarksville, Tenn.,
For Shooting a Man in a
Craps Game.

TAKEN TO EDDYVILLE TODAY

Today at noon Marshal William McCullum, of Knott, left for Eddyville with Jordan Lightney, alias Sam Prichett, alias Sam Jones, alias Ollie Brown, colored, where he will have to stand trial for attempted murder.

He is the negro who tried to cut and shoot conductor Geo. Mullinix on train No. 125 last week, and who was fined \$20 and costs for disorderly conduct on the depot platform. He had not quite served his time here, but the police thought it best to let him be taken to Eddyville, and in event his case does not stick there, he will be taken to Clarksville, where Sunday a week ago he shot Joe Williams, colored, in a crap game.

J. T. NOE DEAD

WAS A PROMINENT CITIZEN OF
OALHOUN

Owensboro, Ky., Oct. 5.—Joseph T. Noe died this morning at 6 o'clock at home of his brother, Judge W. B. Noe, of Bright's Disease. He was elected state senator in 1895 and was a conspicuous figure in the stormy legislative session of '96. Since the expiration of his term as senator he has practiced law here. He will be buried here Thursday at noon.

FIGHT OVER

LA FOLLETTE WINS HIS CASE IN
WISCONSIN.

Madison Oct. 5.—Governor La-
Follette wins in the supreme court.
Decision of the celebrated Wisconsin
Republican factional case.

LADY CURZON BETTER.
London, Oct. 5.—Lady Curzon, it is announced, passed a quiet night and is somewhat better this morning than yesterday.

GHAVES COUNTY WEDDING.
Mayfield, Ky., Oct. 5.—Mr. Van Cau-
son and Miss Edna Chilcutt, were married
here at the home of the bride's father
Mr. John C. Chilcutt, the Rev. Enoch
of Calloway county, officiating. The
bride and groom took their departure
Monday for the home of the groom's
father, Mr. Wm. Carson, near Kicksey.

The man who marries a woman for
her money usually has to work over-
time for what little he gets.

TEACHERS MAY QUIT IF DISSATISFIED

Board Invites Them to Resign
If Things Don't Suit Them.

Regular Meeting of The Board of
Education—No Rowdiness
School Site.

THE MECHANICSBURG SCHOOL

The board of education held its regular meeting last evening with all the trustees present. The usual preliminaries over, Supt. Lieb made his regular report, showing that the schools started off well, despite a number of trivial annoyances. He said that there were a number of complaints about the distance some of the pupils have to walk to reach school, but these are not unusual.

He also reported that there are not enough pupils residing within the Longfellow school district to fill the school, and that the average for each room is 37, while that at other schools is forty-nine. He thought the building could be easily dispensed with if additional facilities were added to some of the other rooms.

He reported 174 more white pupils enrolled this year than last, the total being 2,300 white, and 849 colored pupils, a total of 3,153. He reported the imperative need for additional school facilities in Mechanicsburg, saying that half the school had to be taught in the morning and the other half in the afternoon, making the pupils receive only half the instruction to which they are entitled.

Supt. Lieb made a report of teachers who were dissatisfied with the salaries they were receiving under the board's grading, and said that about six had complained that they were not properly graded. He said that there had not been the least friction, but that the teachers had casually mentioned it to him, and for fear that in the question might in the future cause embarrassment to someone, he asked the board to take some action. The teachers, beginning this year, are paid according to the board's grading, which is based on experience and ability.

The board at once took up the matter and President Coleman in plain words said that if any teacher is dissatisfied he or she could quit.

Trustee J. V. Givens presented the following resolution, which carried unanimously:

"Whereas it is reported that some of the teachers of the public schools of the city are dissatisfied with their salaries as fixed and based upon percentage of efficiency, as provided by this board of trustees, and are making complaints to their friends that they have been unjustly treated, and are not to receive the amount of salary to which they are justly entitled, and

Whereas, This board of trustees has unbounded faith and confidence in its committee and board of examiners who examined the papers and fixed the per cent., that they have done their duty without fear or favor, rendering equal and exact justice to all, and believing that insubordination should not be tolerated to the detriment of the schools, and to that end being determined that discipline shall be maintained, therefore be it,

Resolved, That the clerk of the board of education be and he is hereby ordered to notify all teachers of the common

schools of this city that if they are dissatisfied with their salaries as fixed on their percentage of efficiency, that the board of education stands ready to accept the resignation of such teachers as desire to tender their resignation and do not wish to await the regular meeting of the board."

Capt. Herndon wanted to go further and ask the resignation of any teacher who went about grumbling or complaining to outsiders about real or imaginary grievances held against the school authorities. It was explained that the board had a right to dispense with such teachers, anyhow, without asking a resignation, and Capt. Herndon then withdrew his motion.

Supt. Lieb explained to the trustees, so they would not be under a misapprehension, that there had been no complaint, but that some of the teachers had simply casually mentioned to him that they didn't think they had been graded fairly. The board decided that it would do no harm to come to a complete understanding now, and adopted the resolution unanimously.

The treasurer's report showed \$12,344.06 on hand the first of September, received enough to make it \$12,580.06. Money expended left now on hand, \$11,113.6. Miscellaneous accounts amounting to \$800.02, and salaries amounting to \$518.33 are allowed.

The board inaugurated an innovation last night which was to pay the teachers at the end of the school month of twenty days. This will be next Friday, and on that day the teachers will receive their checks.

Trustee Reddick thought that more than \$10,000 insurance should be carried on the Washington building, which cost over \$80,000. He was instructed to do what he thought was best.

It was reported that school bonds for erecting a new school in Mechanicsburg could not be floated until the people had voted on them. No action was taken.

The site in Rowdowntown selected for the new school, was abandoned. It was selected and Trustee Morrison had the deed, notes, etc., ready to sign up. The board learned of a lie or something similar on the property and declined to take it, ordering the committee to seek another site.

Trustee Jones was ordered to rent a one-room dwelling in Mechanicsburg for a school. The board will hold a called meeting the last of the week to select a teacher, if suitable arrangements are made for the room.

Miss Blanche Ingram, of Mechanicsburg, was selected a substitute subject to examination. There have not been enough substitutes very often, and the board decided to have one extra one. The young lady is a daughter of Councilman George Ingram, of Mechanicsburg and graduated last year.

The president was authorized to sign the protest against giving the interurban railway right of way down Eighth street to Clay, down Clay to Fifth and down Fifth to Tennessee.

The board then adjourned.

THE BEST DOCTOR.

Rev. H. C. Horton, Sulphur Springs, Texas, writes, July 19th, 1898: "I have used in my family Ballard's Snow Liniment and Horehound Syrup, and they have proved certainly satisfactory. The liniment is the best we have ever used for headache and pains. The cough syrup has been our doctor for the last eight years." 25c, 50c, \$1.00. Sold by Dubois, Kohl & Co.

MAYFIELD LAUNDRY SOLD.

Messrs. Huloly and Hurley, of Carbondale, Ill., have bought the Star Laundry at Mayfield, owned by Mr. L. W. Young, of Paducah, and have taken charge. Mr. Young started the laundry there several years ago, and Mr. Floyd Harris has been manager of it. The latter has now resigned and will go on the road as traveling salesman for a wholesale house.

RUMORED CHANGES ON THIS DISTRICT

Will the Illinois Central Divide It?

Evansville Also Comes to the Front
With Some Interesting
Rumors.

ARE PROBABLY IDLE REPORTS

It is rumored among some of the railroad men that the Illinois Central is thinking of making two districts between Paducah and Central City, instead of one, and of moving the dispatcher's office to Princeton. So far as can be learned this is only an idle rumor, no one seeming to know anything about it. It is said by some that there is too much business on the district between Paducah and Central City to be handled by one man, and that it will have to be divided.

This is partially borne out by the recent trouble in getting a chief dispatcher to stick. There have been several lately to the district, and no one, after trying it, wants it very badly. Still, there is nothing in the rumor so far as the officials of the district know, and they think they would know if there was any thing in it.

Along the same line, however, the Evansville Courier publishes some interesting rumors, as follow:

"Evansville is to be made one of the most important points along the Illinois Central railroad.

"This is said by parties claiming to know, was the object of the visit here Monday of the following officers of the road: A. H. Egan, superintendent of the Louisville division; Otto Schilling, superintendent of the Mattoon division, and Assistant General Superintendent H. McCourt, of Memphis, Tenn.

"The plan suggested is to send all the freight trains from the Louisville division for Chicago through Evansville by way of Princeton, Ky., and Cairo, Ill., as at present.

"This will mean that all such shop work as now is being done at Paducah will be done in this city and will necessitate the enlargement of the local shops and the increase of the present working force.

"None of the visiting railroad officials would make a statement regarding the proposed plan, nor would Assistant General Freight Agent William Smith, with whom they spent the day looking over the company's shops and terminals.

"This, it is said, was the original intention of the company when the Howard yards were laid out and the property surrounding the old West Franklin street depot was acquired and the depot turned into freight headquarters.

"The freight traffic along the Louisville division is equal to that on any division of the system and the movement of the trains through this city in addition to those now traversing the Evansville and Mattoon division means a great deal for this city, especially as all the shop work is to be done here.

"The change is to be made at the earliest possible date."

COUSIN DEAD

Col. R. Rowland Receives Sad
News From St. Louis.

Deceased Was a Prominent Man and
Uncle of President D. R. Francis.

Col. Ruth Rowland, of North Seventh street, has received news of the death at St. Louis of his cousin, Col. David P. Rowland, former president of the Merchants Exchange there.

David Pittman Rowland was a native of Richmond, Ky., and he died on his 72nd birthday. He went to St. Louis in 1855 and secured employment in the wholesale dry goods firm of E. J. McCrory & Co., as a traveling salesman. In 1863, with W. P. Shryock, he formed the grocery house of Shryock & Rowland. In 1877 the partnership was dissolved, and Mr. Rowland organized a grain and commission firm, of which he was the head. He continued in that business until 1887, when he was appointed to the office of supply commissioneer, under Mayor D. R. Francis, his nephew. He served the city in that capacity until 1891 when he again went into the grain and commission business. He gave that occupation up several years ago and took up insurance.

His health had been poor for three years and for the past eighteen months he had been confined to his home, being unable to get downtown. It was mainly owing to Mr. Rowland's residence in St. Louis that D. R. Francis, now president of the world's fair, went there to reside. The present head of the world's fair resided with his uncle for four years, from 1866 to 1870, while going to college.

Besides his wife, Mr. Rowland leaves two grandchildren, David Rowland, then 21, and John H. Crandall. A son, W. S. Rowland, died four years ago, and a daughter, Belle B. Crandall, wife of Victor H. Crandall, died a few months later. T. B. Francis is a nephew and Mrs. U. P. Ellerbe is a niece of the deceased.

FREE RECLINING CHAIR CARS
TO THE WORLD'S FAIR.

The Southern Railway has inaugurated a line of free reclining chair cars on the night trains between Lexington, Louisville and St. Louis, through without change in each direction, in addition to the through sleepers and coaches heretofore operated.

These are broad new vestibuled cars with all the latest improvements, including smoking compartment, separate wash rooms for ladies and gentlemen, lighted by Prism gas. These reclining chair cars are sure to prove popular with the patrons of the road as they are very comfortable and at night the chairs can be turned back, and used instead of the Pullman sleepers without any extra charge. Any passenger holding a regular through ticket over the Southern Railway is entitled to ride in these cars.

ILLINOIS CENTRAL EXCURSION
BULLETIN.

Louisville, Ky.—October 2nd to 10th, inclusive, return limit October 10th, \$8.95 round trip, except Horse Show.

Memphis, Tenn.—October 17th, to 25th inclusive, good returning until October 27th, \$5.25 round trip, except meeting Memphis Trotting Association.

Logan, Ky.—October 17th to 18th, inclusive, good returning October 21st, \$8.95 round trip, account Grand Lodge Kentucky Masons.

REGULAR MEETING TO COME UP THIS AFTERNOON OR TONIGHT.

The regular meeting of the Board of Public Works will take place this afternoon or this evening. An effort will be made to hold the meeting late this afternoon instead of tonight. There are no matters of unusual importance to come up.

The board, now that it has the authority, will proceed to get the new street roller by swamping off the old one and paying the difference in cash.

AN APPAREL CLOTHING.

From visitors received here from Supt. of Public Instruction Frank, Paducah is credited with about 4,000 more colored school children than are really here, which would give the city about \$11,000 more than she is entitled to out of the school fund. It is more than likely, however, that the mistake was made in getting up the estimate, and that the boards at Frankfort are correct.

CHANGES REPORTED.

It is reported that there are several changes probable in the Independent Telephone Company here, one rumor being that there will be a superintendent located here regularly, instead of the superintendent located here, regularly, instead of the superintendent dividing his time between Paducah and Jackson, Tenn.

LARGE CROWDS

ATTEND THE REVIVALS NOW
IN PROGRESS.

The revival at the First Christian church is gaining in interest with each service. A large congregation heard the Rev. W. H. Pinkerton's eloquent sermon last evening and there were seven conversions at the close.

There are services at 3:30 this afternoon and 7:30 tonight. A large chorus choir makes excellent music.

The revival at the Union Rescue Mission Hall continues with good, being well attended. Had eight adults at the altar last night, with four conversions, making in all twenty conversions. Two babies and one adult were baptized Sunday night and others are to be baptized at a future time. W. H. Harris will preach tonight. Every body mule welcome at these meetings.

DREAD OF HUMANITY

I am compelled by a sense of gratitude to tell you the great good your remedy has done me in a case of Contagious Blood Poison. Among other symptoms I was severely afflicted with Rheumatism, and got almost past going. The disease got a firm hold upon my system; my blood was thoroughly poisoned with the virus. I lost in weight, was run down, had sore throat, eruptions, sores and other evidences of the disease. I was truly in a bad shape when I began the use of S. S. S., but the persistent use of it brought me out of my trouble safe and sound, and I have the courage to publicly testify to the virtues of your great blood remedy. S. S. S., and to recommend it to all blood-poison sufferers, sincerely believing if it is taken according to directions, and given a fair trial, it will thoroughly eliminate every particle of the virus. JAMES CURRAN, Stark Hotel, Greenup, Pa.

NEW MINISTERS

NEWLY APPOINTED METHODIST PASTORS IN KENTUCKY.

Franklin, Ky., Oct. 5.—The following appointments were made by Bishop Smith at the close of the Methodist Conference:

Louisville District—Walnut street, J. R. Kendall.
Broadway—W. W. Pinson.
Fourth avenue—B. M. Measick.
Chestnut street—W. H. Hicks.
Linley Memorial—T. H. Morris.
Jefferson street—P. G. Thogmorton.
Portland—Joseph S. Chandler.
West Broadway—D. Kincaid.
Jeffersonville—S. M. Miller.
Clifton—J. D. Sider.
Wilson Memorial—S. J. Thompson.
Leander Memorial—G. H. Weans.
Ashbury—J. H. Stubblefield.
Princeton District—Virgil Elgin, presiding elder, Princeton; G. W. Hammel, Marion; J. R. McAfee, Lulu Circuit; R. T. McConnell, Shady Grove; T. F. Rowland, Salem. Supplied, Carrollton, J. O. Smithson, Smithland; W. O. Harp, Smithland.

B. L. Tally, Kiddyville; J. W. Crowe, Lamaco; Alexander Ruyser, Kuttawa; D. S. Campbell, Cadiz; F. A. Mitchell, Cauton; B. E. Goodrum, Cerulean; Smith Given, Greenup; A. L. Meli, Dawson; S. E. Ragland, Greenup circuit.

GETTING READY FOR WINTER.
Mr. William Kellar, gardener of the Louisville division of the Illinois Central, is in the city today on business. He is taking up all the plants and preparing to store them away for the winter.

HER FATHER DEAD.
Mrs. Peter Jordan has returned from Caseyville, Ky., where she was called by the death from paralysis of her father, Mr. W. M. Schutte, aged 71 years. He was a retired hardware merchant, and leaves a wife and five children.

POPULAR DOCTOR CELEBRATES 64TH

PROPERTY OWNERS TO FILE PETITION

Dr. Brooks Says He Has Lived 128 Years, Though.

Got the First Hospital For Paducah When There Were But 6,000 People Here.

HELPED GET THE NEW ONE

They Will Ask the Board of Aldermen for Bitulithic.

They Do Not Want Any Brick in Front of Their Homes—Majority Have Signed.

ALDERMEN ARE TO DECIDE

Dr. J. G. Brooks made the startling statement that he was 128 years old today, when a Sun reporter entered his office.

"I have lived one hundred and twenty-eight years and am still able to go a few more," he stated, "because I have lived two days for every one day. This may seem peculiar but I really feel that I have done one day's work for every one day I have lived. A doctor does not know what rest means and I was just studying this morning how I had spent my life in Paducah."

"Laying all jokes aside I am 61 years old today and every thing seems to run in fours. I served in 1870 as city physician and remained in office four years. I next served four years as a councilman and then four years as a member of the school board. I next served another four years as a member of the council and think I have given enough of my services to the city and never again intend to be persuaded to run for a public office.

"I secured the first city hospital we had in 1871 when I was city physician. I saw the necessity of a hospital and personally conducted the members of the council about the city and showed them where such an institution was absolutely necessary, and they built the present city hospital, which has served since then. When this hospital was built we had a population in Paducah of 6,000 and now we have four times that, here that figure 'four' comes in again, and I have always done all possible in securing the erection of a new city hospital and one is now under course of construction, which, when finished, will be a credit to the city. Yes, I have considered everything, and think I have done some little good for the city and am glad to feel that I secured the first city hospital, and was able to assist in securing the second."

Dr. Brooks came to Paducah 35 years ago and has been associated with every progressive move pertaining to the betterment of the city and its welfare. He has been an energetic worker in every good cause and has excellent grounds and reasons for feeling that he has been a benefit to the city and a credit as a citizen. His many friends will wish him many returns of today's anniversary.

Goes to New York.
Mr. Monroe Nance, Jr., has resigned his position with the Sutherland Medicine Company and has gone to Oswego, N. Y., to work in a medical office.

IS IN CALIFORNIA

Attorney Jesse R. Moss, who was recently indicted for alleged misappropriating funds belonging to a client, is said to be in Los Angeles, Cal., practicing law and in the real estate business.

It seems probable that the awarding of the contract for reconstructing Broadway from Fifth to Ninth with brick to Mr. E. C. Terrell, will not be ratified at the meeting of the board of aldermen tomorrow night.

A petition signed by a majority of the property owners, it is said, has been prepared and will be presented to the aldermen in protest against paving the street with brick. Most of the property owners, if not all of them, are willing to pay the additional cost and have the bitulithic compound used.

The only difference in the cost would be between \$2.35 and \$2.57, the respective bids. This would all, however, not fall on the property owners, as the street our company will pay one fourth, and the city half of the remaining three fourths, or less than half to be paid by the property owners.

It seems that the people are more in favor of bitulithic or asphalt paving than they were a few days ago. The subject has been thoroughly discussed and some of the property owners who at first favored brick have been convinced that the other is not only more desirable and attractive, but will be cheaper in the long run.

"I think," said one of the aldermen, "that we will decline to ratify the contract. In the first place we want the job done quickly, and we want some other material than brick. The difference in quality and advantage is greater than the difference in cost, and is in favor of something other than brick.

"But stronger than all is the petition from property owners. They are paying a good deal of the expense. It is in front of their property, and I think they ought to be allowed to have what they want."

Some of the aldermen do not think Contractor Terrell would sign the contract, anyhow, when he learned the stipulations, which will be that the work be completed by December 15th, with no extension of time, and no additional time except for days on which it is impossible to work on account of rain.

CARD OF THANKS.

The Board of Trustees of the Carnegie Public Library desire to express thanks to the following persons for donations and for assistance on program last evening: J. L. Wolff, clock; Rex Manufacturing Co., two frames; E. P. Gilson, glass; O. L. Branson, flowers and plants; D. A. R., framed "Declaration of Independence"; Mr. Miller, for use of piano; Mrs. D. I. Lewis, Miss Ada Brazelton, Misses Puryear and Mr. Wood, for music.

SMALL BLAZE TODAY.

The Nos. 1 and 4 fire departments were called to the residence of Mrs. Bogg at 422 North Seventh street this morning about 7 o'clock to extinguish a small blaze in the roof. The blaze originated from a defective flue and the damage will amount to but a few dollars.

Great Consolidation Sale

HAVING purchased the entire stock of Furniture of Wahl & Sons, 311 Broadway, we are now forced to give up their building and move their stock to our own store, on North Fourth street. We find that it will be absolutely necessary for us to reduce our own stock in order to admit the stock of Wahl & Sons. This move forces us to inaugurate a gigantic clearance sale right in the beginning of our fall season. We do not hesitate, but begin at once with the greatest slaughter of prices ever attempted in the city of Paducah. A great bargain harvest for economical buyers. Thousands of dollars worth of dependable merchandise to be sold at less than the cost of manufacturing it.

WATCH FOR OUR ANNOUNCEMENT OF SPECIAL BARGAINS.

LARGEST HOUSEFURNISHERS IN THE WORLD

Rhodes-Burford Company

112-116 N. Fourth St.

Paducah, Kentucky

"RICHARD" HAS GONE

MUCH REGRET ABOUT THE MARKET HOUSE OVER LOSS OF THE CAT.

A yellow cat known as "Richard" is one of the fixtures of the old market house that was not moved. "Richard" first appeared about five years ago and no one knows whence he came. He has not been seen since the market house was moved. Every morning summer or winter, rain or shine, hot or cold, the feline was on hand when Market Master Smedley opened the market. He made his headquarters at Mrs. Sargent's bench, and every morning she gave him some of the "livers and lights" of the chickens she brought in to sell. "Richard" never missed a day calling for his breakfast, except on Sunday. Strange to say no one ever saw him about the market on Sunday, although some of

the people nearby have through curiosity looked on Sunday to see if Richard showed up for his daily allowance.

Another strange thing is that the cat always left after eating, and no one knew where he went or where he stayed until the next morning. He was quite a pet and mascot, and there is general sorrow at his mysterious disappearance.

VIGOROUS PROTEST

WILL BE MADE TO RIGHT OF WAY DOWN FIFTH STREET.

The proposed new Paducah-Cairo Electric Railway did not present its request for right of way down Eighth street to Clay, down Clay to Fifth and down Fifth to Tennessee, to the council Monday night because it was learned that strong opposition had developed. It was learned that an attorney was present to protest, and consequently it is probable the matter will not come up until it is in the shape of an ordinance.

A meeting of a number of residents of Fifth street was held yesterday and the opposition outlined. Nearly every property owner on Fifth street, it is understood, will fight it.

IN BALLARD

NEW COLLEGE AT BLANDVILLE NEARING COMPLETION.

The young ladies' dormitory of Blandville college is going up and will soon be ready, to receive the girls who may attend the college. The building will contain twenty-two rooms, six large balls and six porches all arranged for convenience and comfort, making one of the most commodious and beautiful in Western Kentucky.

Captain George M. Jackson, who has been home a few days "under the weather," hopes to be able to be out in a short time on a socialist campaign in this and Carlisle counties. He says he has promised to devote a week to campaigning in Cairo before the election.

We Believe

OFFICERS
B. H. Scott, President; Geo. C. Thompson, Vice-President and Manager; Cook Ilusomola, Cashier; J. T. Laurie, Assistant Cashier.

Some Sure Things are surer than others. A savings account is one of them. By cutting out a few little extravagances weekly and depositing the amount thus saved at our bank, any young man or woman would soon be a few hundred dollars ahead.

We allow you 4 per cent. interest on all savings deposited here for six months and invite you to open an account with us today.

ANNOUNCEMENTS.

For Congress.

Hon. J. C. Speight, of Graves county

DAILY THOUGHT.

"I pity no man because he has to work. If he is worth his salt he will work. I envy the man who has work worth doing and does it well!"—President Roosevelt.

THE WEATHER.

Showers and cooler tonight. Thursday fair and cooler.

FALSE OR IGNORANT.

When Judge Parker says in his letter of acceptance that the Dingley Law "contains many duties imposed for the express purpose only, as was openly avowed, of furnishing a basis for reduction by means of reciprocal trade treaties," he states a falsehood and he makes an assertion which, we believe, he knows to be a falsehood. Not only does he make this statement once in his letter, but he reiterates it in the following words:

"As already mentioned by me, the exorbitant duty imposed on many an imported article by the Dingley Tariff was avowedly intended by its author not to be permanent, but to serve temporarily as a maximum, from which the federal government was empowered to offer a reduction, in return for an equivalent concession on the part of a foreign country."

Not only, but many times, has it been declared upon the floor of the house of representatives that this assertion is unequivocally false. It is very safe for Judge Parker now that Nelson A. Dingley is dead and buried and unable to refute his statements, to bring up again this very absurd assertion; and yet members of the ways and means committee who helped frame the Dingley law have stated too many times that no such duties were imposed for any such purpose for Judge Parker not to be fully conversant with the situation if he has kept abreast of the news of the day.

If Judge Parker pleads ignorance for making this misstatement, then he does not help his case, but shows most decidedly that the American people are realizing more and more every day, that he is entirely unfit to occupy the highest position in the gift of the people.

CHRISTENING THE PADUCAH.

The gimbob Paducah will be launched at the yard yards in Brooklyn Monday, and The Sun would suggest that the city council and aldermen, or the proper authorities, should send a few representatives from the city to be in attendance at the function. The city has been singularly honored by having a gimbob named for it and appreciation of the honor should be shown by having as many Paducah people attend the launching as possible. The Sun therefore suggests

that a committee of Paducah people headed by the Mayor be designated to attend and the expenses of the party be borne by the city. This has been the custom on like occasions with other cities and Paducah should not be wanting in the meetings of such affairs. The council and aldermen should be called in special session at once and The Sun believes they will readily concur in this suggestion. Paducah has always shown the proper enterprise and spirit when any occasion demanded it and none ever demanded a display of those qualities more than this occasion does.

Put in a nutshell, President Roosevelt's hint to the South American states consisted of the statement that no well-behaved neighbor would have any trouble with Uncle Sam; and it is hard to see how any well-behaved neighbor can feel insulted by that.

From all over the country comes news of this, that or the other honest democrat who is going to support Roosevelt, but somehow or other we do not hear of republicans who have gone over to Parker.

How long will it take us to get uniform labor laws in this country if southern mill-owners have their way in the matter? They aver that their profits depend on a working day of twelve or fourteen hours.

Democratic campaign managers have not yet printed a list of business men who "want a change."

CROP REPORT

CONDITIONS ARE REPORTED GENERALLY GOOD.

The weekly crop report is as follows: The temperature was very high during the first half of the week, but down to about normal during the latter part. Good showers occurred on the 27th and 28th and some light scattering ones on other dates, but the latter part of the week was generally dry.

The showing of wheat progressed fairly well, but in some parts of the western section the ground was too wet to work. Early sown fields are coming up nicely. If favorable weather prevails, a large acreage will be sown.

Tobacco is nearly all cut and housed. It is generally reported to be curing nicely, but there is some complaint of house-burning. The acreage was much below the average, but the yield and quality as a whole is very good.

Corn cutting has advanced very well, but there is considerable late corn not quite ready for the knife. Corn is very irregular, some fields showing the finest crops for years, while others are very light. It is not turning out quite as good as was expected, and as a whole will be somewhat below the average.

Apples have continued to deteriorate and are very poor. Peaches are very irregular, but somewhat better.

Pastures and meadows have improved considerably in most sections and the outlook for fall feed is good.

Potatoes are being dug and a good crop is generally reported.

Farm work has been badly delayed by rain in some localities in the western section, but it is generally well up in other portions of the state.

ATTORNEY TAYLOR'S CHILD DEAD.

The infant child of Attorney L. K. Taylor died at Massac this morning about 4 o'clock and the remains will be taken to Hughey, Tenn., for burial. The child was only one month old and had been ill for the past two weeks, and was being cared for at the home of Dr. Graham.

WILL MARRY TODAY.

Oscar Hiatt, a clerk at the Michael store, and Miss Ella Anderson, of the city, were licensed to wed today and will be married tonight at 7:30 at the First Baptist church, Rev. G. W. Perrymon officiating. They will live at 228 South Fourth street.

Promptness...

We are prompt in all that pertains to prescription filling. We take all the necessary time required to do the best work, but there are no unnecessary waits or delays. This is worth thinking about when you are in a hurry.

A FAMILY REMEDY.

Peruna in Use in Thousands of Homes.

Ex-Governor Isaac Sharp.

Isaac Sharp, ex-Governor of Kansas in a letter from 1271 street, N. E., Washington, D. C., writes:

"I can earnestly recommend you Peruna as an excellent tonic. Its reputation as a cure for catarrh is firmly established by my friends, who have been benefited by its use, and the public should know its great curative qualities."—Isaac Sharp.

Congressman H. Henry Powers writes:

"I warmly recommend to my family with success. I can recommend it as an excellent family remedy."

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of the American Association, Columbus, O.

REPUBLICANS GAIN IN REGISTRATION

Yesterday Was the Largest First Day on Record.

The Republicans Gained 325 Over the First Day of Last Year.

THE DEMOCRATS GAINED 15

The republicans made gratifying gains in yesterday's registration. It was the largest first day's registration on record and the republicans seem to have turned out in force, while the democrats for some reason fell off.

There is to be a supplementary registration day on the third Tuesday in October, which will be the 18th. Last year on the supplementary day 396 republicans and 533 democrats registered.

WYNNE APPOINTED.

Washington, Oct. 5.—President Roosevelt has appointed Assistant Postmaster-General Wynne to serve until the regular appointment of postmaster-general.

COURT AT BENTON.

The damage suit of G. F. Smith against the N. C. & St. L. and the Patnaoh Railway company, for injuries received at the depot crossing here in a collision of train and street car, was continued until the next term of court. The jury at Benton was dismissed yesterday afternoon until next Monday.

FISCAL COURT.

This morning fiscal court met for the second day of the present term and the most important thing done possibly was the report of Justice R. J. Barber, who engineered the refunding of the \$100,000 county bonds to Kileybrite & Company, in New York, and the burning of the old cancelled bonds.

The burning of the bonds was performed in the circuit clerk's office in the big stove and every bond was burned in the presence of all members of the fiscal board, the county judge, county clerk and the deputy circuit court clerk. There were 100 bonds to burn and the paper made a hot fire instead.

Justice Barber's report was a minute account of his trip to New York and what was done in refunding the bonds. His work of refunding the bonds with Kileybrite was satisfactory and the board was better pleased with the job than had the refunding been done with White & Company, who wanted 4.12 per cent. Justice Bar-

ber refunded the bonds at 1 per cent.

The committee appointed to settle with the treasurer and audit his reports, reported as follows:

Paper fund, road and bridge account. Expenditures \$14,167.94, balance \$17.42.

Funding account, total balance to credit of fund, \$23,494.77.

Paper fund proper. Expenditures \$2,000 with balance \$876.43.

County levy fund. Expenditures \$13,260.94 with balance \$509.74.

County Road Supervisor Bert Johnson filed a lengthy report on road work and the cost of the work to the county. The following is a condensed outline of the expenditures and will show that Mr. Johnson has been doing excellent work:

Repairs, tools, etc., \$1,413.70; cost of old road work, bridges, \$7,360.78; gravel, \$698.62; dirt work, \$5,816.12, making a total of \$18,775.52.

Cost of new roads. For bridges \$20.03, dirt work \$1,831.06. Total of \$2,751.09.

The grand total for the work done both old and new roads, repairs, etc., amounts to \$17,910.81.

The report was received, filed and concurred in.

COUNTY COURT.

A. L. Pelford, of Jackson county, Ky., age 45 and Ida Brewer, of Callisico county, Ky., age 27, were today licensed to wed. It will make the second marriage of both.

U. A. Abramath, of the county, age 44, and Ida Allen, of the county, age 43, were today licensed to wed. It will make the second marriage of both.

SEARS' COURT.

Ed Samuel and Luther Bradford were arrested yesterday afternoon by Constable Shelton on a charge of fighting George Travis near Tyler last Sunday. They gave bond for their appearance before Justice Sears next Saturday.

WANT DISCHARGE SET ASIDE.

Refugee in Bankruptcy E. W. Hagby

has submitted to Judge Walter Evans

the evidence in the motion of credit

ors of Henry Robertson, of Living

ston county, to have set aside the dis

charge in bankruptcy granted Robert

son recently. They claim that he

PADUCAH COUPLE

WENT TO CAIRO WITH A MCCRACKEN COUNTY LICENSE.

The Ohio papers state that last Sunday a bridal couple from McCracken county arrived there to get married, and when they stood before the magistrate, "Uncle Joe" Stegall, and produced the license, it proved to be one from McCracken county, Ky. The Cairo News says:

"The intended groom thrust the license back in his pocket and remarked that it was funny that a marriage license 'wasn't good any place.' Uncle Joe suggested that they go to the county clerk and take out an Alexander county license, but the young man said that 'he guessed that they could wait till they got back home,' intimated that he was 'powerfully disappointed' because he had gone to the expense of having his honeymoon before he was married and thought that it would be a good idea to come to Cairo and 'get hitched.'

"It developed that the young man had the license several weeks and was 'just waitin' for a nice Sunday to come to Cairo and get married.'

"The would be bride and groom returned home Sunday evening, a sad but nevertheless loving couple, accompanied by the 'best man' and 'bridesmaid.'

NOTE.—The following article has been widely published and is one of the most remarkable illustrations of the value of careful marshalling and analysis of facts in presenting a subject to the public.

LEVELERS

THE MISSION OF WHISKEY, TO HACCO AND COFFEE.

The Creator made all things, we believe.

If so, He must have made these. We know what He made food and water for, and air and sunshine, but

why Whiskey, Tobacco and Coffee? They are here sure enough and each performing its work.

There must be some great plan behind it all; the thoughtful man seeks to understand something of that plan and thereby to judge these articles for their true worth.

Let us not say "bad" or "good" without taking testimony.

There are times and conditions when it certainly seems to the casual observer that these stimulant narcotics are real blessings.

Right there is the amanuensis that conceals a "killing" enemy.

One can slip into the habit of either whiskey, tobacco or coffee easy enough, but to "untangle" it often a fearful struggle.

It seems plain, that there are circumstances when the narcotic effect of these poisons is for the moment beneficial but the fearful argument against them is that seldom ever does one find a steady user of either whiskey, coffee or tobacco free from disease of some kind.

Certainly powerful elements in their effect on the human race.

It is a matter of daily history testified to by literally millions of people, that Whiskey, Tobacco and Coffee are smiling, promising, beguiling friends on the start, but ALWAYS FALSE A HELL ITSELF in the end. Once they get firm hold enough to show their strength, they insist upon governing and drive the victims steadily towards ill health in some form; if permitted to continue to rule, they will not let up until physical and mental ruin sets in.

A man under that spell (and "under the spell" is correct), of any one of these drugs, frequently assures himself and his friends, "Why I can leave off any time I want to. I did quit for a week just to show I could." It is a sure mark of the slave when one gets to that stage. He wiggled through a week fighting every day to break the spell, was finally whipped, and began his slavery all over again.

The slave (Coffee slave as well as Tobacco and Whiskey) daily reviews his condition, sees perfectly plain the steady encroachments of disease, how the nerves get weaker day by day and demand the drug that seems to smile and offer relief for a few minutes and then leave the diseased condition plainer to view than ever and growing worse. Many times the Coffee slave realizes that he is between two fires. He feels bad if he leaves off and a little worse if he drinks and allows the EFFECT TO WEAR OFF.

So it goes on from day to day. Every night the struggling victim promises himself that he will break the habit and next day when he feels a little bad (as he is quite sure to) breaks, not the habit, but his own resolution. It is nearly always a tough fight, with disaster ahead SURE if the habit wins.

There have been hundreds of thousands of people driven to their graves through disease brought on by coffee drinking alone, and it is quite certain that more human misery is caused by coffee and tobacco than by whiskey, for the two first are more widely used and more hidden and insidious in the effect on nerves, heart and other vital organs, and are thus unsuspected until much of the dangerous work is done.

Now Reader, what is your opinion as to the real use the Creator has for these things? Take a look at the question from this point of view.

There is a law of Nature and of Nature's God that things slowly evolve from lower planes to higher, a sturdy, steady and dignified advance toward more perfect things in both the Physical and Spiritual world. The ponderous tread of evolutionary development is fixed by the Infinite and will not be quickened out of natural supply by any man's methods.

Therefore we see many illustrations showing how nature checks too rapid advance. Illinois raises phenomenal crops of corn for two or three years. If she continued to do so every year her farmers would advance in wealth far beyond those of other sections or countries. So Nature interposes a bar every three or four years and brings on a "bad year."

Here we see the leveling influence at work.

A man is prosperous in his business for a number of years and grows rich. Then nature sets the "leveling influence" at work on him. Some of his investments lose, he becomes luxurious and lazy. Perhaps it is whiskey, tobacco, coffee, women, gambling, or some other form. The intent and purpose is to level him. Keep him from evolving too far ahead of the masses.

Literally millions of brain working Americans today use Postum, having found the value and common sense in the change. O. W. POST.

"Get the famous little book, 'The Road to Wellville,' in each package."

Mr. John Keeler returned from Florida this morning.

Captain James Keger went to Nashville this morning on business.

Contractor F. W. Katterjohn went to Cedar Hill this morning on business.

rate the world perhaps for all time. But Dame Nature sets her army of "levelers" at work. Luxury, overeating and drinking, licentiousness, waste and extravagance indulgences of all kinds, then comes the wreck, SURE, SURE, SURE.

The law of the unit is the law of the mass. Man goes through the same process. Weakness (in childhood), gradual growth of strength, energy, thrift, probity, prosperity, wealth, comfort, ease, relaxation, self-indulgence, luxury, idleness, waste, debauchery, disease, and the wreck follows. The "levelers" are in the bushes along the pathway of every successful man and woman and they beat the majority.

The law of the unit is the law of the mass. Man goes through the same process. Weakness (in childhood), gradual growth of strength, energy, thrift, probity, prosperity, wealth, comfort, ease, relaxation, self-indulgence, luxury, idleness, waste, debauchery, disease, and the wreck follows. The "levelers" are in the bushes along the pathway of every successful man and woman and they beat the majority.

The Creator has no for Whiskey, Tobacco and Coffee to level down the successful ones and those who show signs of being successful, and keep them back in the race, so that the great "field" (the masses) may not be left too far behind.

And yet we must admit that same all-wise Creator has placed it in the power of man to stand upright, clothed in the armor of a clean cut steady mind and say unto himself, "I decline to exchange my birthright for a mess of pottage."

"I will not deaden my senses, weaken my grip on affairs and keep myself cheap, common and behind in fortune and fame by drugging with whiskey, tobacco or coffee, life is too short. It is hard enough to win the good things, without any sort of handicap, so a man is certainly a "fool trader" when he trades strength, health, money, and the good things that come with power, for the half-asleep condition of the "dragger" with the certainty of sickness and disease ahead."

It is a matter each individual must decide for himself. He can be a leader and semi-god if he will, or he can go along through life a drugged clown, a cheap "hewer of wood or carrier of water."

Certain it is that while the Great Father of us all does not seem to "mind" if some of his children are foolish and stupid, he seems to select others (perhaps those he intends for some special work) and allow them to be threshed and castigated most fearfully by these "levelers."

If a man tries flinging with these levelers awhile, and gets a few slaps as a hint, he had better take the hint or a good solid blow will follow.

When a man tries to live upright, clean, thrifty, sober, and undrugged, manifesting as near as he knows what the Creator intends he should, happiness, health and peace seem to come to him. Does it pay?

This article was written to set people thinking, to rouse the "God within" for every highly organized man and woman has times when they feel a something calling from within for them to press to the front and "be about the Father's business," don't mistake it; the spark of the infinite is there and it pays in every way, health, happiness, peace, and even worldly prosperity, to break the habits and strip clean for the work cut out for one.

It has been the business of the writer to provide a practical and easy way for people to break away from the coffee habit and be assured of a return to health and all of the good things that brings, provided the abuse has not gone too far, and even then the cases where the body has been rebuilt on a basis of strength and health run into the thousands.

Now Reader, what is your opinion as to the real use the Creator has for these things? Take a look at the question from this point of view.

There is a law of Nature and of Nature's God that things slowly evolve from lower planes to higher, a sturdy, steady and dignified advance toward more perfect things in both the Physical and Spiritual world. The ponderous tread of evolutionary development is fixed by the Infinite and will not be quickened out of natural supply by any man's methods.

Therefore we see many illustrations showing how nature checks too rapid advance. Illinois raises phenomenal crops of corn for two or three years. If she continued to do so every year her farmers would advance in wealth far beyond those of other sections or countries. So Nature interposes a bar every three or four years and brings on a "bad year."

Here we see the leveling influence at work.

GOES TO MEMPHIS

Mr. George Duckett Gets Deserved Promotion.

Mr. John Schreder Will Succeed Him as Assistant Foreman.

Mr. George Duckett, assistant general foreman of the local Illinois Central machine shops, left last night for Memphis to take charge of the new shops there as general foreman.

Mr. Duckett has risen gradually in the employ of the road, having begun his career in railroad work as a gang foreman on the pits. He was promoted from this position to roundhouse foreman and from this to machine shop foreman and later made assistant general foreman of the tire shops.

Mr. Duckett has been working here for many years and is one of the most popular employees of the road. His many friends will be glad to learn of his deserved promotion but will regret to learn of his departure from the city.

Mr. John Schreder, the well known machinist, has been appointed to fill Mr. Duckett's place here. Mr. Schreder is a young machinist but very popular with all employees of the mechanical department.

NOTICE OF FIRST MEETING OF CREDITORS.

In the District Court of the United States for the Western District of Kentucky, in Bankruptcy.

In the Matter of Charley Osborne, Bankrupt:

To the creditors of Charley Osborne, of Paducah, in the county of McCracken, and district aforesaid, a bankrupt: Notice is hereby given that on the 4th day of October, A. D., 1904, the said Charley Osborne was duly adjudicated bankrupt, and that the first meeting of his creditors will be held at my office in Paducah, McCracken county, Kentucky, on the 15th day of October, A. D., 1904, at 9 o'clock in the forenoon, at which time the said creditors may attend, prove their claim, appoint a trustee, examine the bankrupt and transact such other business as may come properly before said meeting.

The newcomer strode to the steps with assurance and touched Anne's fingers with his lips. "Still so cold, so far away? Still cherishing a frown from me?"

"I looked not to see you, Captain Jarrah."

"I am but just returned from Loudon."

"On the Two Sisters?"

"Aye," he answered, with a smirking laugh on his face. "The moth returns to the lamp. A pretty counsel, is it not?"

She moved her shoulders with a gesture of impatience.

"Why am I doomed to be ever in your bad graces, Mistress Tillotson? 'tis true, I would it were not? 'Twas so in Williamsburg. Had you a smile for me? 'Twas when I went. Well, I return to the frown."

"I have naught else for you. I have told you so."

"And yet," he said constrainedly, "for another kind of look from you I would forget all else. I would change all, risk all. Can I never win aught from such a love as mine? Will you never tell me how to change myself for you? Shall I go always wanting?" A fierce and unhappy passion was written in his face.

She turned from him coldly. "I beseech you will not recur to that, captain," she said. "My answer was my answer. I can never give you more."

He touched his breast, drawing his hand across the gold shashings of his coat. "Is it this? Do you frown upon my majesty's uniform? I swear I would I were a Whig!"

"Tory before a turncoat," she said, averted him.

Jarrah clutched his teeth like a trap. Then without reply he bowed to her and strode toward the ship. Betsy, riding her horse, saw only his vanishing figure. Anne's face a flushed red gust of anger and her eyes gleaming like blue fire.

"'Twas Captain Jarrah!"

"I wish," said Anne, with temper, giving Betsy's horse a slap that made him snort and called forth a scolding screech from its rider. "I wish Captain Jarrah was in China!"

As Jarrah stepped on to the deck the gangway was thrown down for the herded human cattle that had thronged the lower deck. Sixty odd, they came trooping out to where the factors were gathered, and the ship's agent at once began the bidding by offering a convict bound for seven years and allowed only diet and lodging, who, he declared, made great diversion by singing and whistling, besides being rare astute work.

The sale proceeded rapidly, for bond-servants were in demand and the lot was above an average one. They stood for inspection eagerly or stolidly, as their faces prompted, some sullen eyes, some smiling. The women were offered last. But few remained when the agent beckoned to the swarthy-skinned woman whose bairn had died during the voyage, and she came forward timidly, turning her pale black Italian eyes upon the crowd in infinite understanding and cowering dread. Her hair and the red olive of her skin made a curious contrast to the light complexions of the other women.

Burnaby, Betsy, who had purchased two laborers, looked her over with satisfaction.

"A likely wench," he gulped. "Twenty pounds is enough, I doubt not, since she is foreign. I take her. But that down to my reckoning, Master Clark."

"Poor thing," said Anne. "I would I were a man. That bairn should never have you!" She looked up and felt the young Frenchman's eyes full upon her. He had clearly overheard.

"You belong to him now," said the agent to the woman, pointing to Betsy. "I've understood."

She gazed into Betsy's face and shrinkingly about the circle. Then, with sudden cry, doubling like an animal, she dodged between the knots of spectators and threw herself at Armand's feet.

Betsy's curse was lost in a great laugh which rose from the factors, and Anne's face stung red at a curse returned from one of them.

Mr. Armand did not seem unmoved. He stopped and lifted the cringing woman to her feet as Betsy approached, his lean eyes twinkling.

"My wench seems to have an uncommon fancy, the latter sneered. 'Gall me why did you not buy her?'

"Will you sell her to me?"

The latter looked at the secretary's dress and glowered at the merriment of the onlookers.

"No," he blurted.

Armand smiled with shavity. "Perhaps it would pleasure you to game with me for her? In my country, gentlemen," he remarked to those around. "We are overfed of the dice table. As for me, I could never resist to win the hazard of fortune. Mayhap, however, here you are less adventurous, more cautious, modest, or, as those who have little, hesitate to risk."

Betsy grunted at this airy thrust and gnawed his lip. His estate of Bentcliff was the largest on all the Jameses, and this, it was said, he had won in the

307 Main St., Memphis, Tenn.

DOCTORS NAMED

COMMITTEE WILL NOW PROCEED
TO SELECT HOSPITAL NAME.

President Charles Reed today appointed Mrs. D. M. Murrell and P. H. Stewart two of the members of the committee to select a name for the new city hospital, and President Ed Hannan, of the board of commissioners, appointed Drs. J. G. Brooks and Frank Lloyd.

These, together with President Reed and Hannan and Chairman of the Hospital Committee Orms and Watson and Mayor Yelser, compose the committee that will select the name of the hospital.

It seems from some of the doctors that they are opposed to naming the hospital after any man, owing to the fact that so many prominent doctors in the past did a great deal for the city, and a great deal to get a new hospital, and the hospital cannot be named after all of them.

One of the doctors said he was for naming it "The Riverview," or "The Riverside," hospital.

AT OBION

TEH POSTOFFICE WAS ROBBED
LAST EVENING SOMETIME.

Sheriff Leo Potter today received a long distance telephone message from Obion, Tenn., stating that the post office there was broken into last night, the safe blown, and \$250 in money and other things stolen.

There is no clue to the identity of the thieves, but they are supposed to have been "yeggmen," and may have come this way. Close watch is being kept there for all suspicious characters.

Officers were telephoned here for bloodhounds, but there are none here.

W. C. T. U. MEETING.

The W. C. T. U. will meet Thursday afternoon promptly at 3 o'clock in the Sunday school room of the First Baptist church to transact business of importance, and every member is urged to be present.

A decided hit with busy business men—"Our Noon Day Lunch." It save time, tastes good, there's the daintest of dishes to select from. Coolest of drinks to go with it—and good cigars for a quiet smoke if you're a smoker. Try it today and tell your friends about it.

W. C. Gray

BIG DEMOCRAT BOLTS

Robert Treat Paine, Jr., of Boston, Twice His Party's Nominee For Governor.

Will Vote For President Roosevelt Because of His Consistency and Fairness.

Robert Treat Paine, Jr., who has twice been the Democratic nominee for governor of Massachusetts, has announced his intention to bolt the Democratic party. The only ground which he announces for his bolt at present is the negro question, although he says that he may have something further to say later on. In a signed statement Mr. Paine says:

"I am going to vote for Roosevelt. I am a democrat enough still to feel that I want the president of this country to be democrat enough to meet any man whose character deserves it at any function. I have myself dined with Booker Washington and would consider it a privilege again to do so.

"Does not this dilemma face Mr. Parker? If elected president, and if there were in Washington a gathering of the most eminent educators in this country, among whom Booker Washington would be inevitably classed, and the president wished naturally enough to show due recognition and honor to this gathering and invited them to the White House, would he honor Booker Washington? Would he discriminate against him because of race or color? Would he have a Jim Crow party behind the house to which Booker Washington might be shunted off?

"On the other hand, if Parker as president should ask Booker Washington to the White House would not the whole south again raise the cry that they had been bunked in their candidate? This is only one of my reasons for desiring to vote for President Roosevelt; but, coming of abolition stock and being born and bred Republican, this aspect of the case does have much weight with me, I confess."

THE PROMOTER OF PEACE.

President Entitled to Thanks of All Europe.

[From the South Bend (Ind.) Tribune.]

Here is a gentleman who knows what he is talking about, and he is outspoken and emphatic in his language of President Roosevelt as a promoter of international peace. Baron d'Estournelles of France was foremost in the movement which led to the Anglo-French treaty, thus assuring a permanent good understanding between two powers that had been for generations more or less at odds. The baron expected to attend the international peace congress in Boston next month, but now finds himself unable to do so owing to the approaching elections in France. In writing to explain his inability to be present and expressing regret at his detention the baron says:

"I had hoped at Boston to recognize publicly the grand and decisive services rendered to the cause of international arbitration by the United States, and particularly by President Roosevelt. Better than any one I know that the court of The Hague stood deserted, abandoned and ridiculed until the day when he had the courage, generosity and foresight to save it. This act alone has entitled him to the thanks for his pacific and liberal spirit of all Europe."

This statement is rather confusing to the Democrats, who are picturing the president as breathing threatening and shrill and inviting trouble in every direction. And what is more, it is the truth, while the Democratic attacks are more partisan misrepresentations.

[Shoe, Shirt and Self Government.]

From the New York Sun.

The Hon. George F. Parker, chief of literary department, is issuing the Democratic campaign text book on the installment plan. The installment "re-launched" today contains various matter about the Philippines. For example:

"The wants of the average native are few. He consumes no meat or distilled liquors, eats but little meat, his diet consisting chiefly of rice and fish. His clothing, while sufficient for decency, is scant, consisting of panolones, an undershirt and a combination of shirt and coat worn outside of the panolones and a hat made of native grass. The ordinary Filipino goes barefooted."

There must be some "battle cry" here, but we can't hear it. Is it "Beer and independence for the Philippines?" or "Shoe, shirt and self government for the Philippines?" Is it a combination of shirt and coat" forbidden by the Sherman antitrust law?

Some mysterious "campaign material" lies in the apparently harmless assertion that since 1841 "there has been an average of at least one destructive earthquake every twenty years." Mr. Parker ought to prove that imperialism has increased the number of earthquakes.

Page 212 teaches us that "as the American army was withdrawn the sale of malt liquors decreased." Is this an attack on the army or the Filipinos or beer?

Mr. Parker might have "released" this installment earlier. It is not violent.

W. C. T. U. MEETING.

The W. C. T. U. will meet Thursday afternoon promptly at 3 o'clock in the Sunday school room of the First Baptist church to transact business of importance, and every member is urged to be present.

OUR FALL DISPLAY

EARLY EXAMINATION IS EARNESTLY RECOMMENDED.

There are many things that will particularly interest you at this time—not only the styles and finishes, but the prices, which are decidedly unusual for this season of the year. Remembering, as we have so often stated, that you're welcome—always.

LISTEN

to the tight wire guarantee on these right wire springs.

Victor No. 1 Spring Beds are constructed from the very best quality of heavy steel spring wire made in the United States. Each and every coil is re-tempered to get the greatest resisting strength combined with firm elasticity.

The patented method of construction is the simplest, strongest and most practical way of combining single coils spiraling with separate cross-wires. All parts are interlocked together so that each bed is just one huge, satisfactory, comfort-producing spring.

The manufacturers give us a guarantee for five full years. We do the same to you.

Try a set for thirty nights. If not up to every test we will take them back without a cent of expense. Pay any bed—it for every bed.

Beautiful Framed Mirrors

We are showing an extensive line of Mantel and Ornamental Mirrors, made in Paducah, and at prices that will please you. The one shown in cut \$3.98 this week only

SIDEBOARDS AND BUFFETS.

Our line comprises over 100 styles and we feel safe in saying that such a large selection cannot be found in the state. All new up-to-date ones.

Pedestals like cut only \$1.98
Fifty other styles.
